Experience

2025 – Present

Website & Dashboard Designer Pixami – School Yearbook Platform

- Designing intuitive dashboards and responsive web interfaces for a large-scale school yearbook management platform.
- Enhancing user flows to simplify digital yearbook creation for students, teachers, and administrators.
- Implementing modern design systems, ensuring consistency, accessibility, and cross-device performance.

2023 – 2025

Senior Web Designer Vision Surgery AI

- Designed and optimized the company's AI-driven healthcare platform, focusing on patient journey and usability.
- Translated complex AI-based medical data into clear, user-friendly dashboards and interfaces.
- Collaborated with AI engineers and doctors to align design with medical accuracy and accessibility standards.

2022 – 2024

Senior UI/UX Designer AbleMobile Communications

- Led the redesign of mobile-first communication platforms, improving engagement and retention rates.
- Conducted user research, wireframing, prototyping, and usability testing to refine product experience.
- Developed scalable design systems and worked closely with developers to ensure pixel-perfect implementation.

2021 – 2022

Web & UI/UX Designer RadRugs – NFT Audit Agency

- Designed sleek, crypto-centric websites and dashboards tailored for the NFT auditing and blockchain industry.
- Created visually engaging landing pages that communicated trust, transparency, and technical reliability.
- Balanced cutting-edge visuals with usability, ensuring smooth onboarding for clients in the Web3 space.
